AI Agents with RAG and LangChain

Who is this course for?

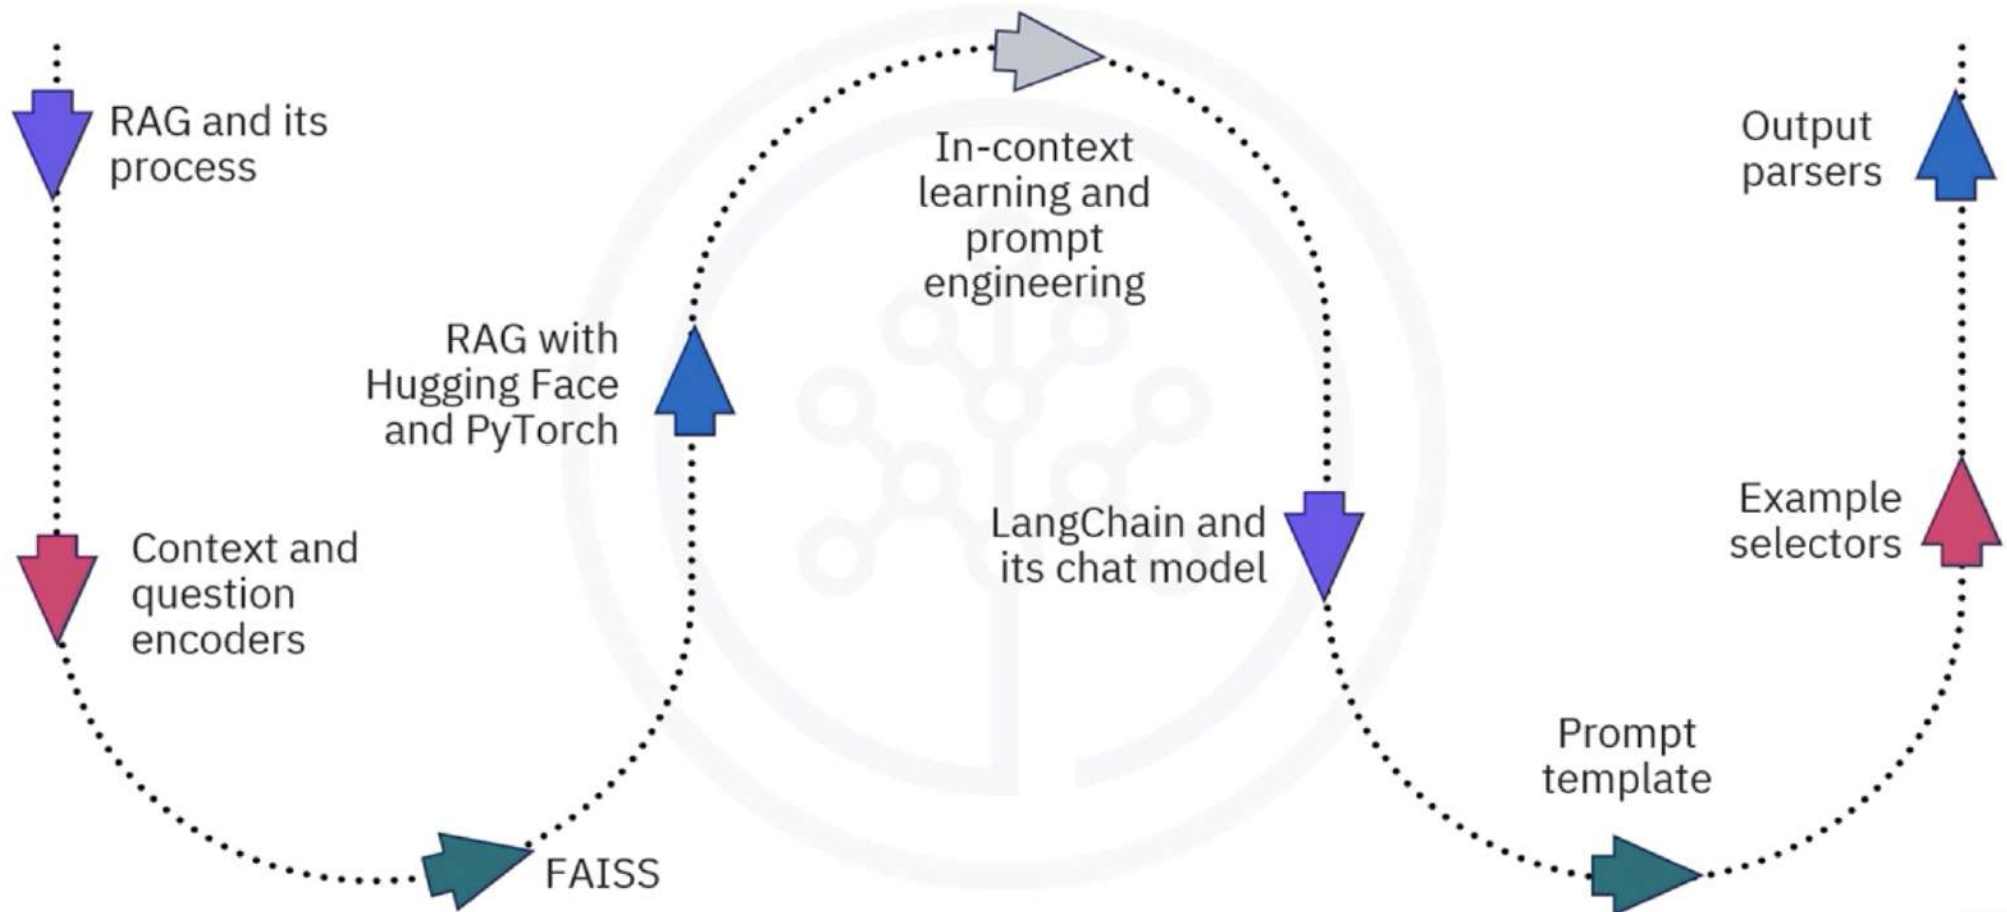

What you'll learn

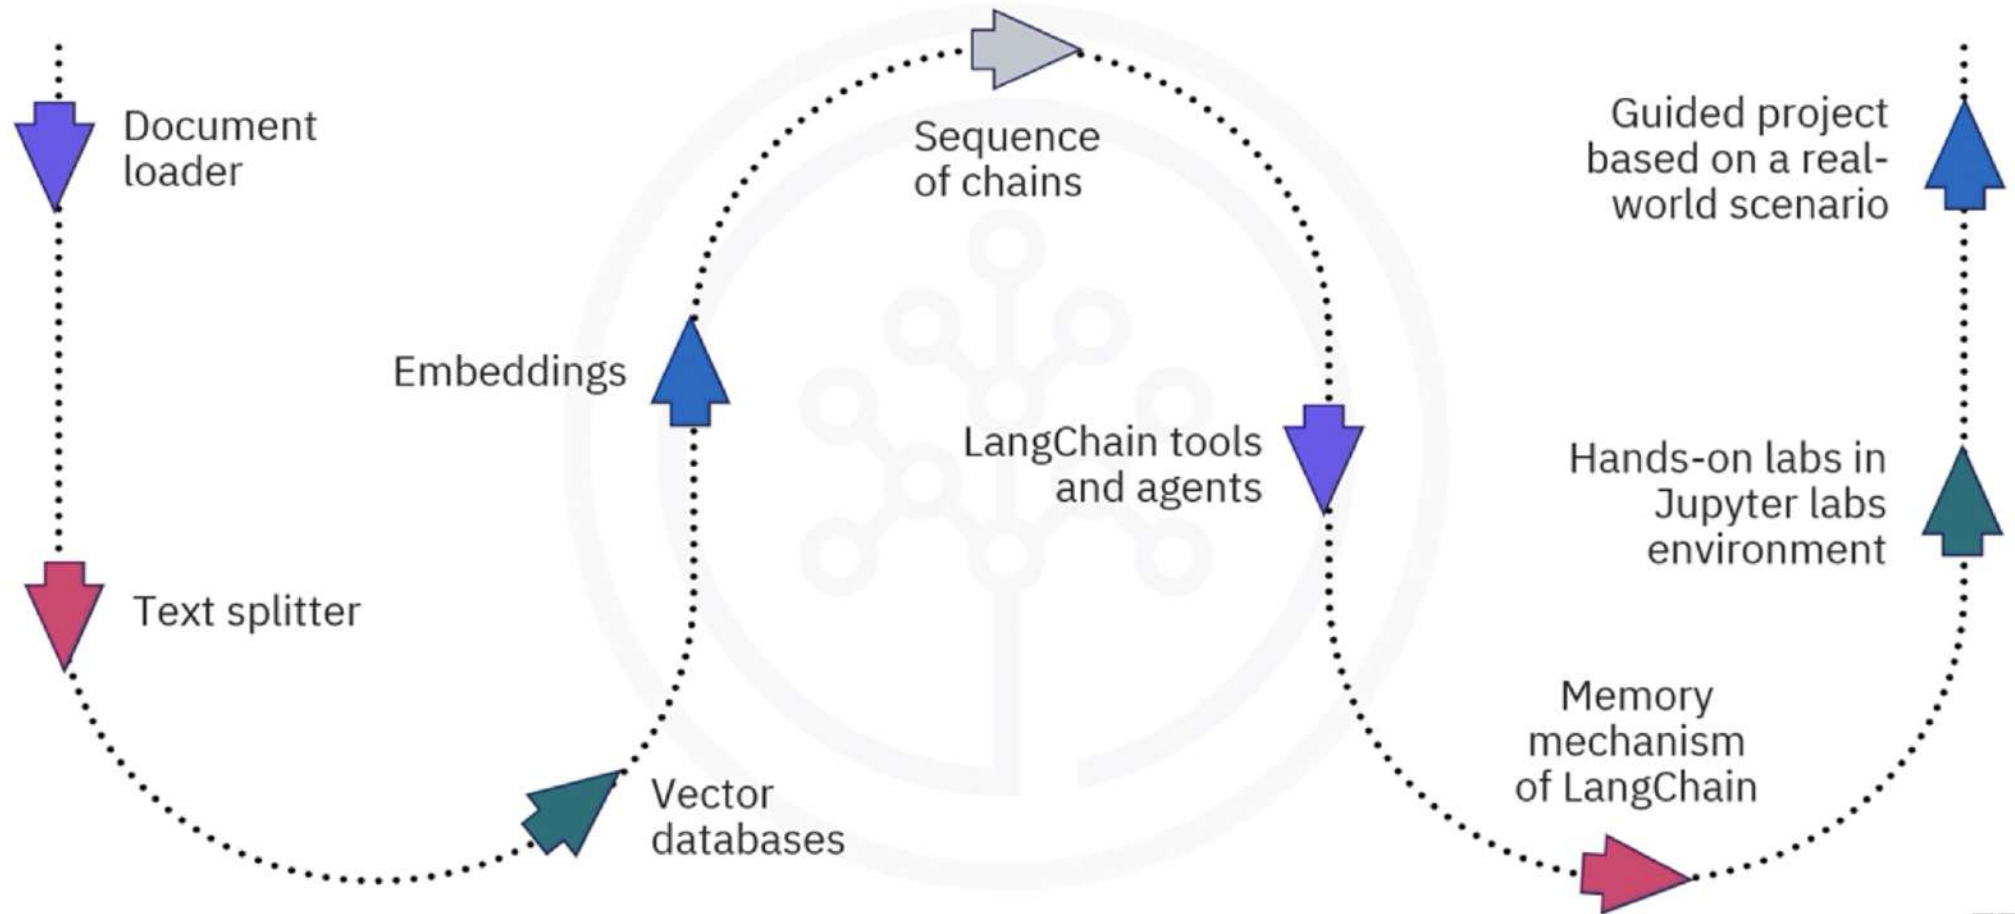

- Explain key concepts in RAG, encoders, and FAISS
- Apply
 - Fundamentals of in-context learning
 - Advanced methods of prompt engineering
- Use RAG, PyTorch, Hugging Face, LLMs, and LangChain technologies for different applications

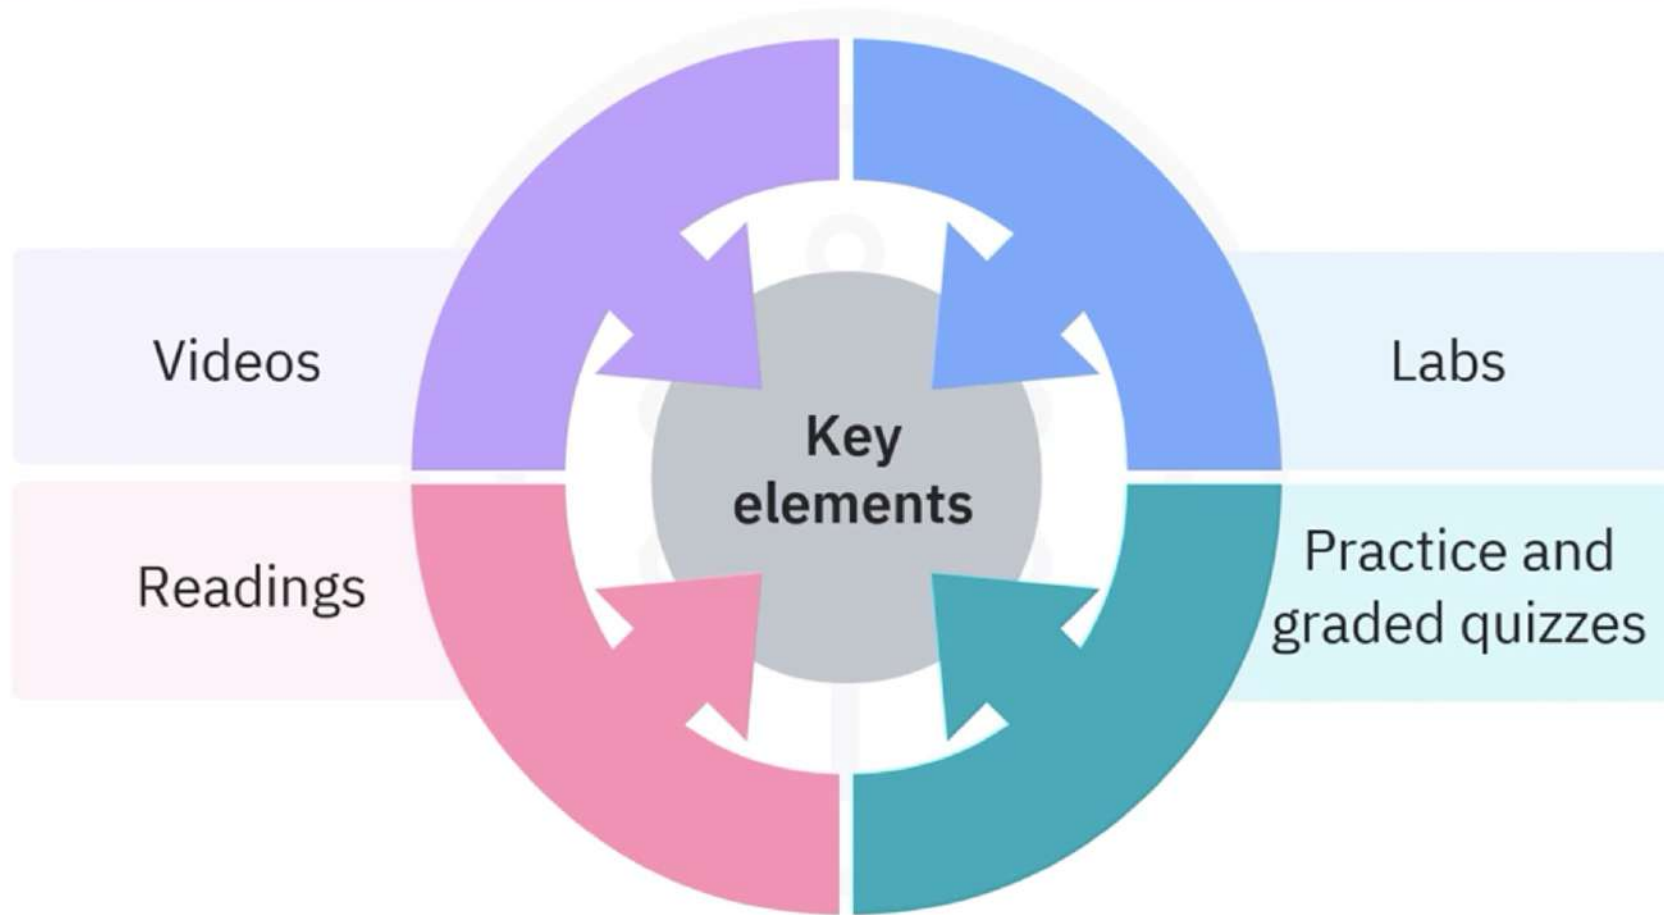

RAG, in-context learning, and LangChain: Learning material

RAG, in-context learning, and LangChain: Learning material

Key elements of the course

Get the most from your course

01

Watch all
videos

02

Complete
the labs

03

Attempt all
quizzes

04

Interact with
peers and
course staff

Good luck!
